

INTERNSHIP IN THE WORLD OF MARKETING

RISMA Systems A/S is a fast-growing SaaS company with international ambitions, who delivers state of the art compliance tools to national and international companies and authorities.

& we are looking for an intern for our Marketing team.

You would be part of a small team with big plans, where there are many projects you can be part of, depending on your competences.

What is the internship about?

Being a fast-growing company, you will get the chance to put your theoretical knowledge into practice in many different ways.

You will not only get a taste of how it is to work in different areas of marketing, but you will also get your own projects, which you will be responsible for.

You do need to be curious about different digital solutions, you also need to have an open mind and get ready to be creative in a B2B environment.

If you are eager to learn, we are eager to support you and give you practical experience that you can actually use when you finish your studies.

What do you need to apply?

You are currently enrolled in a Marketing and/or Communications education.

You are fluent in Danish and English (spoken & written).

It is an advantage if you have some understanding of Google Analytics and Google AdWords.

It is also an advantage if you have some understanding of the Adobe Creative suite.

How to apply?

If you are ready to apply, then I am looking forward to reading your CV + Cover letter, which you can send to Diana V. Hvidemose, Marketing Manager at dvh@rismasystems.com

The RISMA logo is displayed in a bold, dark blue, sans-serif font. The letters are thick and closely spaced, with a clean, modern aesthetic.
